

RadLink and its associates commemorate
BREAST CANCER
 Awareness Month 2017

DID YOU KNOW?
 1 in 11 women in Singapore may develop breast cancer before the age of 75¹?

 Breast Cancer is the No. 1 Most Frequent Cancer Death amongst Singaporean women².

EARLY DETECTION SAVES LIVES

We provide a comprehensive range of breast screening services which include Mammogram, Breast Ultrasound, and functional MRI Breast scans.
 Call us for more information.

To raise the importance of early screening for breast cancer during the BCAM period, we offer the following breast cancer packages

Important Guidelines for breast cancer screening participation:

- * Prior to participation, please ensure you:
 - Are not pregnant
 - Have not been breastfeeding for the past 6 months
 - Do not have any history of breast cancer
 - Are asymptomatic with no breast cancer symptoms
- * Women aged 50 years and above who have not gone for mammogram for the last 24 months
- * Women aged 40 to 49 years old can screen for breast cancer but they should talk to their doctor about the benefits and limitations of mammograms in this age group so that they can make an informed choice about going for screening

Terms & Conditions:

- * Prices stated are only applicable between 1st October and 30th November 2017 (excludes Public Holidays and Sundays)
- * RadLink, Drs Lim, Hoe & Wong, Medical Imaging and Fullerton Healthcare reserve the right to amend any terms and conditions without prior notice
